TO: Parents of All Students

FROM: Dept. of Pupil Transportation - Paris Independent School

In order for you to understand the rules and regulations covering the conduct of all students riding a Paris School Bus, we are sending you a copy of the **RULES AND REGULATIONS FOR STUDENTS RIDING BUSES IN PARIS**. It is requested that **YOU** and **YOUR CHILD** read these rules and regulations. Your cooperation will make it possible for us to provide a safer, more efficient transportation program.

It is our objective to be firm, fair, and consistent with all students. Because the driver must give great attention to traffic flow, road conditions, and driving the bus, students must exhibit the best of behavior so as not to distract the driver. For the safety of all

riders, the rules and regulations will and must be enforced. Passengers jeopardizing the safety and welfare of others through misbehavior will be denied the privilege of riding the bus to and from school.

Please sign the Rules and Regulations in the spaces provided, and return it to your child's teacher by August 17, 2001.

Students who do not have a signed agreement will be denied the privilege of riding the bus until a signed agreement form has been submitted. We are requiring ALL students to have a signed agreement on file. During the school year students who are not regularly transported by bus may ride a bus for class field trips, athletic trips, club trips or for other events and will be required to know and abide by these rules and regulations.

The Rules and Regulations for students Riding School Buses are published for good communications and to help provide an environment for excellence in learning. The Paris Independent Schools do not discriminate on the bases of race, national origin, religion, marital status, sex, or handicap.

RULES AND REGULATIONS FOR STUDENTS RIDING SCHOOL BUSES

Any student who violates these regulations shall be reported to the principal of the school for disciplinary actions. The disciplinary action taken will depend on the nature of the student's behavior. If the behavior is severe and jeopardizes the safety and welfare of others, suspension can occur with the first offense and can be immediate. For less serious infractions, due warnings will be given to the student by the Principal. If the conduct does not become acceptable after three warnings the driver will again report the student to the Principal, who shall suspend the student from riding any Paris Independent School vehicle for whatever period of time is proper. Only the Board of Education, acting upon the Superintendent's recommendation, has the authority to suspend the student from riding a vehicle for the remainder of the school year and then only after the due process procedure has been followed. Bus suspension by the Principal stipulates that the student shall attend school for the period of suspension with transportation provided by means other than Paris Independent School vehicle until the period of suspension is completed. Violation of these regulation will be considered a serious infraction.

Written notice of the action taken by the principal shall be furnished to the parents or guardians, the bus driver, transportation director and the superintendent, however, such notice need not proceed the action of the principal.

Any complaints of students, parents, or drivers not specified in these regulations shall be reported to the principal first, then if necessary, they may be reported through the administrative channel to the Superintendent.

When actions taken by the driver or other school employees are not supported by the parent or guardian, the proper channel for the hearing of the issues shall be as follows:

At the request of the parent guardian, the principal will review the facts and hear the various viewpoints of the student, parent and driver. After reviewing the facts and hearing all the viewpoints, the principal will make a decisions to the disposition of the case. Should the parent or guardian feel that a fair decision was not made, an appeal may be made to the Director of Transportation who will have a meeting with the student, parent and principal to review the case and make recommendations to the Superintendent. The Superintendent will make the final decision.
